Subject cooperation

Hi Chad,

I was part of the Hwy 36 tour and teleconference. I noted that you mentioned that the representatives from the timber companies suggested that they want

to have more cooperation and communication with their neighbors out in the areas that they are working. Well Weyerhaeuser is planning an aerial spray near our house and many others. When I tried to get ahold of the person (Willie Bronson) he outright told me that he WASN'T go to tell me ahead of time when they will be out here. He told me that the spray was not close enough to warrant notice ahead of time.

THAT IS NOT WORKING WITH THE NEIGHBORS!!!!

Please let me know what else I can supply to you in regards to proof that weyerhaeuser IS NOT following the labels. They ARE NOT WANTING MORE COOPERATION FROM NEIGHBORS, FOR THEY DO NOT COOPERATE WITH US.

I would like to get the name and number of the person in Weyerhaeuser you talked with the day before our tour. I want to talk with that rep about his other employees... such as Willie Bronson.

Thanks for coming out here, and trying to make a difference. They don't follow your labels!!
